Course Numbe	r Course N	ame			Instru	ictor	Semester

Continue on the back of this form if you need more room.

**Note:** During the interview, you'll be asked about your anticipated level of involvement with the laboratory. Undergraduate Research Assistants in our lab participate at one of three levels: 1.) running subjects, performing literature searches and carrying out library work, 2.) participating in the responsibilities above and contributing to a weekly reading group, presenting one to two papers a semester, or 3.) participating in all of the above and taking on the responsibility of designing and implementing a study under the guidance of a graduate student or Prof. Townsend.

At what level of involvement are you interested in working? For how many semesters?

**Availability:** To facilitate scheduling your interview and, should you join the lab, the first lab meeting, please indicate below times when you would be UNABLE to meet during the first two weeks of the semester:
